Q.26. Any feedback and suggestion as you would like to mention

I request that the cleanliness of the toilets in our college should be better

Drinking water facility does not here

Boys students campus and kentine

Few more facilities should be provided in the science building like the Library and the campus should be a bit more catchy and have spaces for students to relax during off time. The field infront of the building is so much empty, this part should be looked after .

Installation of more practical related equipments.

Computer facilities

In this competitive world every student must known how to speak English/Hindi.... Bengali as a medium of communication is not at all acceptable. Outside Tripura Bengali is of no use. We must learn English. Which is not preferred at all.

Analysis and action taken report for the feedback data collected 2023-2024

Student's feedback regarding teachers is excellent. They are highly satisfied with the teaching methods, syllabus completion and other assignments as allotted for better results. Academic committee of our college has been informed regarding this fact. Teachers will be inspired to teach using modern ICT technology under the guidance of IQAC and academic committee. 22% of the students has responded that computer facility is unsatisfactory. More than 90% respondents among students are highly satisfied with college cultural and other extracurricular activities. Few students have mentioned about issues with drinking water and computer facility. The college authority has taken note of this and whenever feasible improvement in computer lab facility would be done. Improvement in drinking water facility is also discussed and requisition for fund to be placed to Higher Authority for setting up of drinking water facility.
